* SOP (Statement of purpose)

I have always believe that the answer to my destiny lies in creating the result I desire for a fruitful career. I must determine the shape that my action will take and trust in their finality this. I am confident usill lead me on the road of my destiny.

By the time I was 10 I realized that the only thing I could do really well was write. When I recall my days at St. Lawrence high school I discover that one subject I performed particularly well was English. Excellent grades in English in school helped me gain admission to ^{8th} of best colleges in the country, St Xavier. My love for the language also encourage me to take up higher studies, British, American & Indian literature.

A summer training at Craps on Advertising multinational firm set of my interest for Advertising in public relation which develop slowly & steadily into a career option. So I did a short term course in marketing & Advertising apion. Amity in Mumbai. I also attended many workshop including avail recognize & reputed four month workshop in copywriting conducted by (AAAI).

I feel that a great career in public relation cannot be made until one study it not purely for its academic appeal but in the hope that it will shed light on the best road ahead.

Since The united state of America is a country known for it school & advance media system, I find the need to train my self in a Specialise Institute in the USA which will be a Stepping Stone to higher education & help me expand my horizon. Your university fulfils all my requirement of a well design post, adequate facilities, broad curriculum, flexible Course Structure & practical training opportunities for my master degree in (PR). Public relation. Your university fulfils all my requirement.

I am aware that intensive study in a Specialized field is a difficult task to achieve and excec at. But I strongly believe that what we persist in doing become easier for us to do, not because the nature of the thing has changed but because the power to do it has increased.

With this in mind I choose the only path that shall lead me to success.

Anjali Ramesh Mutha.
